

Middlemore Hospital Edmund Hillary Block Inpatient Building

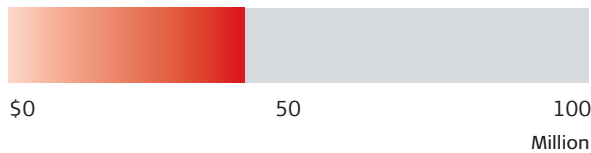

PROJECT | PUBLIC HEALTHCARE

Client: Counties Manukau District Health Board

Location: Middlemore Hospital
Otahuhu, South Auckland

Project Duration: Early 2006 to May 2010

Construction Value:

The Edmund Hillary Block is a six storey Inpatient Building that adds 240 Inpatient Beds, and 12,600sqm of space to the Middlemore Campus.

Fitout includes;

- 15 Bed Mental Health Services for Older People (MHSOP) Ward
- 30 Bed Plastics Ward
- 2 X 30 Bed Surgical Ward
- 2 X 30 Bed Medical Ward
- Gastroenterology Unit and Clinics
- 30 Bed Gastroenterology Ward
- Cardiac Investigation Unit
- Medical Short Stay Unit
- Haematology Day Ward and Clinics
- Allied Health Offices and Gymnasium
- Staff Cafeteria
- Clinical Equipment Pool and Orthotics

Key design principles for this building include the ability to flex beds between wards, a regular grid and open plan floor plate free of vertical risers to allow maximum flexibility for future use.
